1. Team Norms

- Everyone on the team needs to speak and contribute to the discussion equally, or the collective intelligence declines
- Perceiving and interpreting the emotions and action of your team members is necessary to create a physiologically safe space to share ideas.
- Focus on the problem not the person

2. Roles & Responsibilities

- Weekly basis

3. Communication

- Primary Channel: Texting - through the group chat
- Expected Response Time: Same day on regular, once past internal deadline within 3 hours
 - Ghosted for 24 hrs - somebody reach out to make sure your okay
 - Use group chat responsibly
- File Management: Google Drive

4. Meeting Schedule & Conduct

- Standing Meeting: Tuesdays 1-2, Mondays 1-2
 - Locations determined by discussion day of
 - Further meetings as required
 - Fill out LettuceMeet and update frequently

- Other meetings on floor 27 at Chestnut unless otherwise decided
- Attendance: Hour before meeting
- Decision Making: Consensus
- Agenda with rotating roles?

5. Performance Expectations

- Work Quality: Every submission must be reviewed by whole team before submission
- Deadlines: Internal deadlines should be 48 hours before the real
 - We want RFP done early!

6. Accountability

- Missing Internal Deadlines:
 - Try to alert team x amount of time before - start of the week, ASAP
 - How do we redistribute the work - discussion/situation based
- Meeting Attendance:
 - Read notes
 - Will not be able to pick tasks

7. Dos and Don'ts

Dos	Donts
- Internal deadlines before hand - Create a plan/timeline and stick to it - Open-mindedness for ideas - Ask for help early - Equal work distribution - Group work session > individual divide and conquer	- Leave things to the last minute - Don't over rely on AI

8. Potential Social?

- What days work? - after the break? - after Beta
- What do we want to do?
